

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-35 (CANCELLED)

36. (NEW) A travel direction device for outputting a direction about a traveling route, comprising:

a device main body connected to a speaker and determining on the basis of direction frequency set by a user whether a voice direction message about being in a school zone or entering the school zone is outputted by the speaker or not.

37. (NEW) A travel direction device according to claim 9, wherein the device main body is connected to a display and has the display displaying an image for setting the direction frequency.
